Property Visit Information

As a part of this project we are offering up to 50 assessment visits to properties directly connected to the lakes or lake tributaries. These visits will take place throughout the spring and summer of 2019. Through these visits we will:

- * Assess riparian area health and offer suggestions
- * Assess presence and impacts of invasive plants, algae, flooding, and erosion
- * Provide the opportunity to co-create volunteer stewardship agreements with landowners and provide stewardship guidance and recommendations
- * Assess suitability for one of 25 project related restoration activities
